## Important Update for Bay Cities Customers

During this time, there has been an increase of material generated at households. It is more important now than ever to RECYCLE AND COMPOST what you can. See guidelines below.

Please keep your health and safety, and that of our drivers in mind when sorting your material:

- ♻️ Place ALL used tissues, personal hygiene and sanitary items, etc. **BAGGED** in the **GARBAGE CAN**.
- ♻️ There might be an increase in material generated at your household.
- ♻️ **We are overwhelmed with cardboard at this time.** Break down and flatten cardboard boxes to be placed in the blue bin with other recyclables. Additional boxes must be broken down, tied or taped in manageable bundles and placed next to the blue bin at the curb.
- ♻️ As a courtesy to yourself, our drivers, as well as other customers, **sanitize your cart or can, as you feel appropriate.**

If you have any questions, concern or suggestions, please feel free to call our office at 415-332-3646, our office staff will continue to answer inquiries from our customers.
